

## DEVELOPER

- Developer must register their interest via SEC Website in purchasing Nutrient Neutrality credits after planning application is submitted.
- Calculates the required Nutrient Credits using the Natural England calculator. The link to this calculator will also be available via SEC website.
- Procures Nutrient Neutrality Credits via SEC Nutrient Neutrality Trading Platform.

## Canterbury &/or Ashford Local Planning Authority

- Assess / Review nutrient mitigation requirements via Planning Application.
- Re-affirms calculated nutrient neutrality credits.
- LPA must assess whether the new development is nutrient neutral, and thereby be satisfied that these developments are 'nutrient neutral creditworthy'.

## Stour Environmental Credits Limited

- Confirms Developer interest with the Local Planning Authority.
- Evaluate apportionment of Nutrient Neutrality Credits using the credit allocation policy.
- Processes nutrient mitigation credit payment via SEC nutrient mitigation trading platform.
- Allocate "Phosphorus and Nitrogen Credit Certificate" following receipt of full payment.
